

### WHY A FREE CLINIC?

Have you or someone you know, ever had to forego basic medical care or prescriptions for acute or chronic health conditions due to cost?

Thousands of uninsured men, women, and children of Walworth County have had to do this every day, until 2012 when Open Arms Free Clinic, Inc. (O AFC) opened its doors as the first and only clinic in Walworth County to provide free, non-emergent care to low income and uninsured residents. There are still thousands of county residents who do not have health insurance. The need still continues for a free clinic to fill the critical gaps.

### OUR MISSION

To better understand and serve with compassion the health and wellness needs of the uninsured, low income, and underserved residents of Walworth County. Our goal is for our patients and their families to have the same primary care and attention with respect and dignity we would want for our families.

### OUR BACKGROUND

O AFC is an independent, community-based, nonprofit 501c3 charitable organization created in December 2011 to address those who are in the greatest need for medical care. Services are provided with dignity and respect by a volunteer team of medical and community-minded professionals.

## OUR VOLUNTEERS

### Neighbors Helping Neighbors

As a volunteer-driven organization, all the services at Open Arms Free Clinic are provided by licensed medical providers and community-minded volunteers. Volunteers include: Medical doctors, nurse practitioners, physician assistants, nurses, dentists, pharmacists, lab technicians, counselors, advocates, interpreters.

**Professional volunteers have complete credential review, background check, and liability insurance coverage prior to serving at O AFC.**

## OUR PARTNERS

### The Need Still Continues

The clinic is 100% funded by grants and donations. With the generosity of those who can help, the community has supported O AFC with millions of dollars of in-kind gifts and services because there are still over 8,000 Walworth County residents who do not have health insurance, AND over 40% of all county residents who are still struggling to afford basic needs like housing, food, and gas.

## BECOME A PARTNER

Something good is happening here. Pledging to donate monthly or annually allows us to sustain the life-saving medical care for those in the greatest need. This is the best opportunity to demonstrate your commitment to the only free medical clinic in Walworth County.

We accept all credit cards with our secure online method found at [www.OpenArmsClinic.org](http://www.OpenArmsClinic.org) or by check, payable to: Open Arms Free Clinic.
