

OAFC Summer Select

Summer Intern Program - 2025

Who: The program is open to college students with an interest in a healthcare career track.

What: 8-week summer volunteer internship (unpaid) at Open Arms Free Clinic

Where: You will work within Walworth County - at OAFC, with our Mobile Medical Clinic and at outreach sites throughout the community.

Why: This internship will give you a look at healthcare access needs in our county. It will expose you to a different perspective than one you might be used to, helping to round out your understanding of how people access healthcare. You will gain experience and insight that can inform your decision making, as you think about your future and career path. You will also have the opportunity for patient care, connections with healthcare practitioners and networking.

When: 8-week program, from mid-June to the beginning of August (with a flex week surrounding the 4th of July holiday). Orientation will be held on June 9th, 2025. Applications due by April 20th, interviews and selection to follow. Interviews can be conducted in person or over Zoom. Final selections will be made by May 15th.
Minimum commitment of 8 hours per week.

**There may be some opportunity for flexibility, determined on a case-by-case basis. The minimum commitment will be eight (8) hours per week, with the option to expand those hours if desired.*

Brief:

During this 8-week internship program, students will participate in a variety of OAFC activities, including but not limited to days at the medical clinic, dental clinic and work on advancing our behavioral health initiatives. A large focus will be to work with our Outreach Program Manager in supporting the Mobile Medical Clinic, which travels to locations throughout Walworth County as well as participating in outreach events throughout the community as a representative of OAFC. Additional learning opportunities include a "Book Club" for our Intern cohort and "Lunch and Learn" opportunities with clinic providers in a variety of disciplines.

Core Objectives:

- Learn Community Health & Wellness Needs
- Observe interdisciplinary care team
- Implement & Help Execute at least one health promotion activity

Deliverable:

End of season reflection and presentation of QI Projects, to be presented to the OAFC team.
